### STEM Clubs at Sac City College

- American Medical Student Association (AMSA) Diversity in Medicine Club
- Multicultural Engineering Coalition (MEC)
- SCC Math Club
- STEM Club
- Sustainability and Environmental Club

### MILLER RESEARCH GROUP

“Our undergraduate research focuses on simple, publishable projects that create new chemistry education materials such as new labs or new teaching resources. While working on these projects, students learn research skills as they collect and analyze data.”

If you are looking for research opportunities Professor Miller can take on 1-2 students for this Fall 2023 semester. If interested reach out to Professor Miller at: [MillerW@scc.losrios.edu](mailto:MillerW@scc.losrios.edu)

### STANFORD INTERNSHIP SUMMER 2023

“This summer I got my first internship at Stanford. The program was called the Stanford Summer Community College Pre-Medical Program... My project was on looking at Type One Diabetes in Pediatric Latinos in Rural vs. Urban areas... We were given the opportunity to shadow in their Urgent Care, ER, and clinics... Overall, this was an awesome experience that made me more sure of my interest in pursuing a career in medicine.” - Araceli Robles
