

Hello

DECEMBER

RESEARCH OPPOTUNITIES

Be on the look out for the first newsletter of next year for all available research opportunities.

Heres a sneak peek:

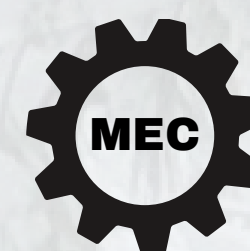

Research with Dr. Dao - CHEM 484 - Advanced General Chemistry - Honors (Prreq. CHEM 400)

Research with Dr. Ochoa - CHEM 410 - Quantitative Analysis (Prreq. CHEM 401) - ONLY OFFERED IN SPRING.

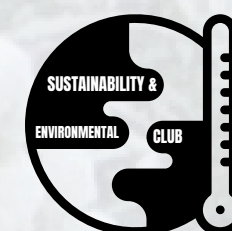

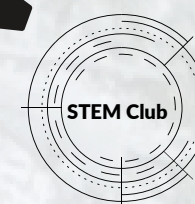

Research with Professor Tonya Atkins - CHEM 429 - Research in Chemistry (Prreq. CHEM 410)

STEM Clubs at Sac City College

- American Medical Student Association (AMSA)
- Diversity in Medicine Club
- Multicultural Engineering Coalition (MEC)
- SCC Math Club
- STEM Club
- Sustainability and Environmental Club

amsa

SCC Math Club, MEC, STEM Club, and Sustainability & Environmental Club logos were created for use within this Newsletter and created by MESA.

URGENT INFO:

The CSU application period for Fall 2024 has been **EXTENDED** to **December 15th**

Finals Season **DECEMBER**

Its the end of the semester, the holidays are upon us and a New Year is approaching!

DID YOU MISS OUT?

On December 1st our MESA Scholars embarked on an exciting field trip to the Academy of Sciences in San Francisco, where they enjoyed a VIP tour. This exclusive experience included a walk on the living roof, providing valuable insights into its role in cooling the academy! Additionally, students explored behind the scenes of the Gem Volt, a collection of fish specimens, and delved into the world of animal bones. The day was filled with educational adventures and hands-on exploration, making it a memorable and enriching experience!

Student Highlight

DECEMBER

Check out what our students are up to! Email us if you are interested in being highlighted at mesa@scc.losrios.edu

JOMARI FERNANDEZ
Alumnus

“If I sum up all of my experiences, I become a more confident student leader who has knowledge of technical skills, and improved soft skills. It's difficult for employers to hire engineers who are very knowledgeable, but don't have communication skills. But because I participated in all of these, I can vocalize what I want and how I can help the organizations and companies that I want to become part of.

At the time of this writing, I want to say that I will be transferring from SF State to Sacramento State. I have experiences in both colleges. It's just that I found SF State to be very helpful to my education compared to SF State. Its student organizations are mostly led by students. I will be joining the Sac State's blended program for mechanical engineering which will allow me to graduate with a master's and bachelor's degree.

One of the best things about participating in many student organizations, academic programs and internships & conferences is that I get to analyze these decisions on my own.”
