

## WE RAISED OVER \$100K FOR STUDENTS

Thanks to the very generous contributions of donors, including corporations, faculty and staff, we have raised \$107,380 to support students in crisis during the pandemic.

Most recently, Sierra Health Foundation contributed \$2,000, joining other large donations from:

- Intel Corporation \$25,000
- Sacramento Regional Community Foundation \$5,000
- Golden 1 Credit Union \$5,000
- SAFE Credit Union \$3,300 in gift cards

All money raised goes to our students in the form of direct aid, computers, grocery gift cards and internet access!

## ONLINE CATALOG IS LIVE!

All Los Rios college catalogs, including SCC's, are now available online, making it easier than ever for students to get information they need at their fingertips!

The transition to online catalogs began before our current public health crisis and move to remote operations, but the work has accelerated in the past few weeks to ensure that we have a functional online catalog for students. Even when our current crisis is over, our students will dramatically benefit from the ability to have a more modern and interactive catalog. Some key points worth noting about the online catalog:

- **Mobile Responsive and Accessible** - The online catalogs are mobile responsive, ensuring students to access it from their mobile device wherever and whenever they want (as opposed to the old PDF versions we used to have online, which were not responsive and presented accessibility challenges for students and staff).
- **More Up to Date Information** - By eliminating the time involved in the printing process, our catalogs will be more accurate when the official catalog goes live each year before June 1, reducing the amount of updates necessary throughout the year (you'll note the title "Unofficial Catalog Preview," which will be in place until the "Official Catalog" is live on June 1).
- **Printable Versions** - Printable PDF versions of the full catalog, or specific sections, are still available for download from the site so that students, faculty and staff who need printed versions can access them easily. When on-campus operations have resumed, each college will be able to provide some printed versions on demand.
- **Translations** - Because our websites have a translation feature, catalogs will now be able to be translated into multiple languages for students (we recognize that automated translation tools are imperfect, but we've historically not had any translated versions of our catalog so this marks a substantial benefit for many students like our ESL populations).
- **Spring "Update"** - There will be a catalog "update" in the Spring, serving the same purpose as addenda have historically.

## CITY SNAPSHOT! STUDENT VIEWPOINT

From The Express:

---

*"City SnapShot! Student Viewpoint Exhibition, Voices: Speaking with Your Photographic Eye," at Crocker Art Museum is online since the museum is closed due to COVID-19 quarantine. 160 students submitted 301 images and 68 images were selected. City College had 11 students or faculty in the show with 14 photos in the show. City College students placed second and third with another four receiving one of nine honorable mentions.*
